2005 HOT LIST

OUR CHOICE OF THE BEST NEW HOTELS WORLDWIDE

This year's Hot List is our biggest ever. It covers 26 countries from the remote kingdom of Bhutan to European destinations only a short flight away. The 60 hotels recommended here were chosen after many months' research. We start with a list of hundreds of properties, generated from reports sent in from across the globe. We evaluate them, then arrange visits to separate the must-haves from the also-rans. This year, cyclones and the Asian tsunami knocked a couple of the strongest contenders off our list; on the other hand, Olympic fever sparked an unprecedented number of boutique-hotel openings in Athens. The range of hotels which finally made the list is extraordinary, from safari lodges to urban resorts, fashion-house extravaganzas to rustic restaurants with rooms. Take your pick
